

INTERNATIONAL FORWARDING AGENT

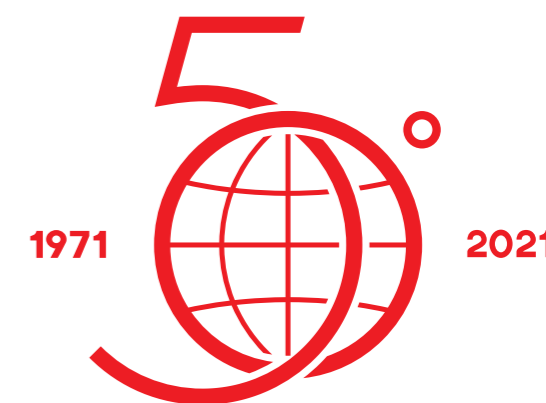

Your global partner

The com- pany

Our goal: total customer satisfaction
Our strength: specialization
Our commitment: guaranteed delivery
within the expected time frame

Dreams

Travel, exploration, the discovery of new lands.

In 1971 **Giulio Bresaola** dreamed of building a forwarding business that would provide fast, efficient, and secure shipment of goods, regardless of size or complexity, anywhere in the world. Today ALITRANS is part of the worldwide communications network specializing in the delivery of perishable and dangerous goods, waste, and critical shipments.

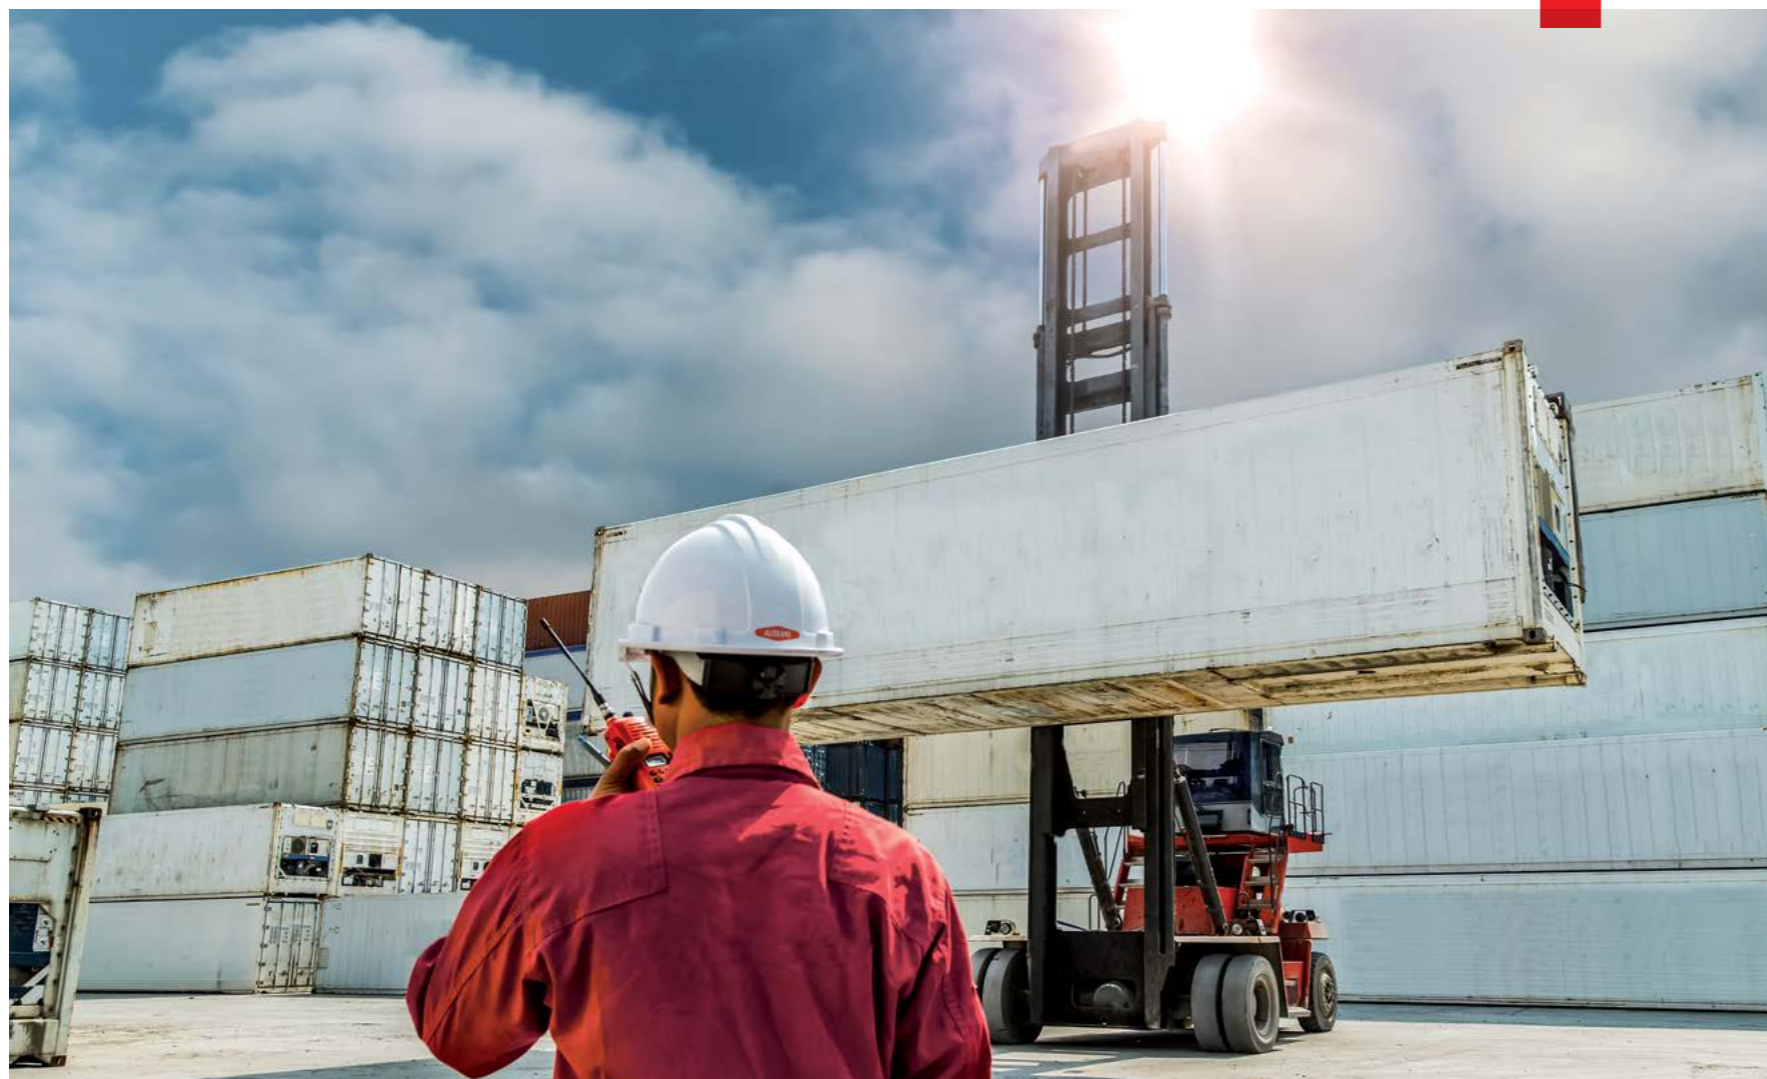

Giulio Bresaola had another dream: to create a family business that would carry on ALITRANS' **tradition of going the extra mile to satisfy its costumers**. In 2014, he passed on the leadership of his company to his son, **Nicola Bresaola**, ensuring the continuation of the same high-quality service that ALITRANS' clients have come to expect.

The whole
world within
arm's reach.

People

**People
make
the difference.**

What's the most important factor in a successful delivery?

People.

At ALITRANS, we put our trust in our employees. We recognize their value to the company and encourage all of our employees to participate in professional development training.

Today ALITRANS' team of specialists is proud to offer the most up-to-date advice and the best solutions to deliver any type of goods anywhere in the world.

CUSTOMERS' QUERIES

We believe that our clients should have one point of contact. When you contact ALITRANS with any logistics-related inquiry, you won't be transferred to a call centre. You will always speak with your dedicated team member to resolve your query. Every operation is assigned to a specialist who manages the whole process through to a successful delivery.

Ways

Road

After the sky and the sea, the journey continues by road.

ALITRANS works with fleets of well-equipped modern vehicles guaranteeing a timely and safe delivery. Our status as ADR consultants allows us to transport dangerous goods fully compliant with the most strict national and European regulations.

Our road services work to support the air and sea freight business connecting daily ports and airports and ensuring the safe transfer of dangerous goods (ADR) and temperature sensitive items. Switzerland regular service: multiple weekly departures.

GROUPAGE SERVICE multiple-deliveries each week to and from Switzerland

CONNECTIONS with major Italian ports and airports

COLLECTION/DELIVERY throughout Italy

TRANSPORT OF DANGEROUS GOODS

TRANSPORT OF PERISHABLE GOODS

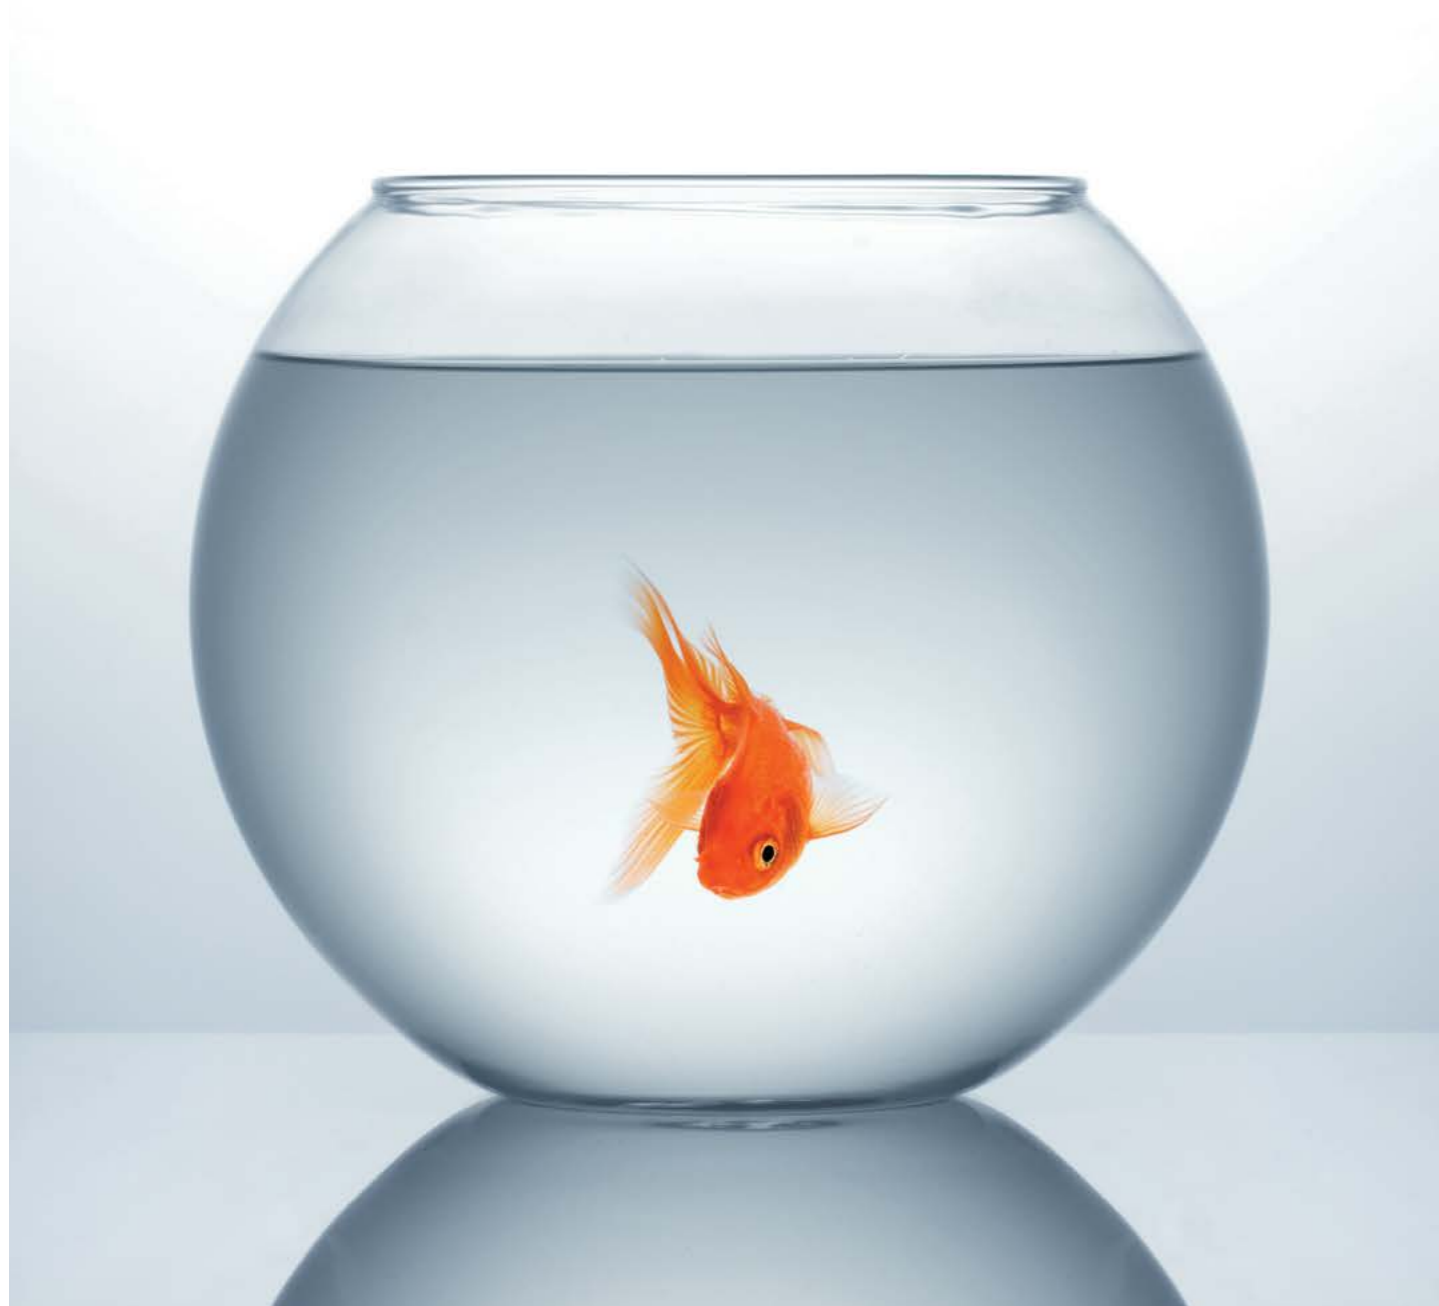

URGENT DELIVERIES e.g. production downtime, trade fairs etc.

Ways

Skills

All types of perishable goods can be transported at the required temperature. With over 25 years of experience, we are experts at understanding and satisfying the needs of each individual client.

Perishables

Ensuring the integrity of every product.

GOODS CATEGORIES

- Pharmaceutical and diagnostic products, vaccines, serums, plasma, proteins, clinical tests
- Biotechnological materials
- General foodstuffs, raw and cured meat, pasta, confectionery, fresh and preserved fruit and vegetables, milk and dairy products
- Raw ingredients and semi-finished food products, fish
- Live animals

TRANSPORT TYPES

- Frozen
- Cool
- Sensitive (protected from extreme temperatures)
- Constant temperature

CONSULTANCY

- Packaging
- Supply of dry ice
- Rental of refrigerated containers from air and maritime companies
- Health, Phytopathological, Age Control

ALITRANS has provided customers with expert advice on the transport of dangerous goods for more than 25 years.

The services we offer comply fully with regulations on **DGR-air**, **ADR-land**, **IMDG-sea**.

Skills

DGR Dangerous Goods Regulations

Qualifications and experience for maximum safety.

As experienced handlers of dangerous goods, we can advise clients on the safest and most efficient delivery method for their items.

OUR SERVICES

- Supply of approved packaging and labels in accordance with DGR - IMDG - ADR regulations
- Drafting of shipping documentation (shipper's declaration - multimodal dangerous goods)
- Guaranteed supervision of the entire shipping process

Skills

The global trade in recycling paper, cardboard, plastic and metal is becoming increasingly important for the Italian economy. ALITRANS has many years experience as an approved operator in the international supply

chain and transport of waste and recycled materials. We use our significant technical and legal expertise in this area to apply the current regulations, ensuring a highly professional service.

Waste & recycling

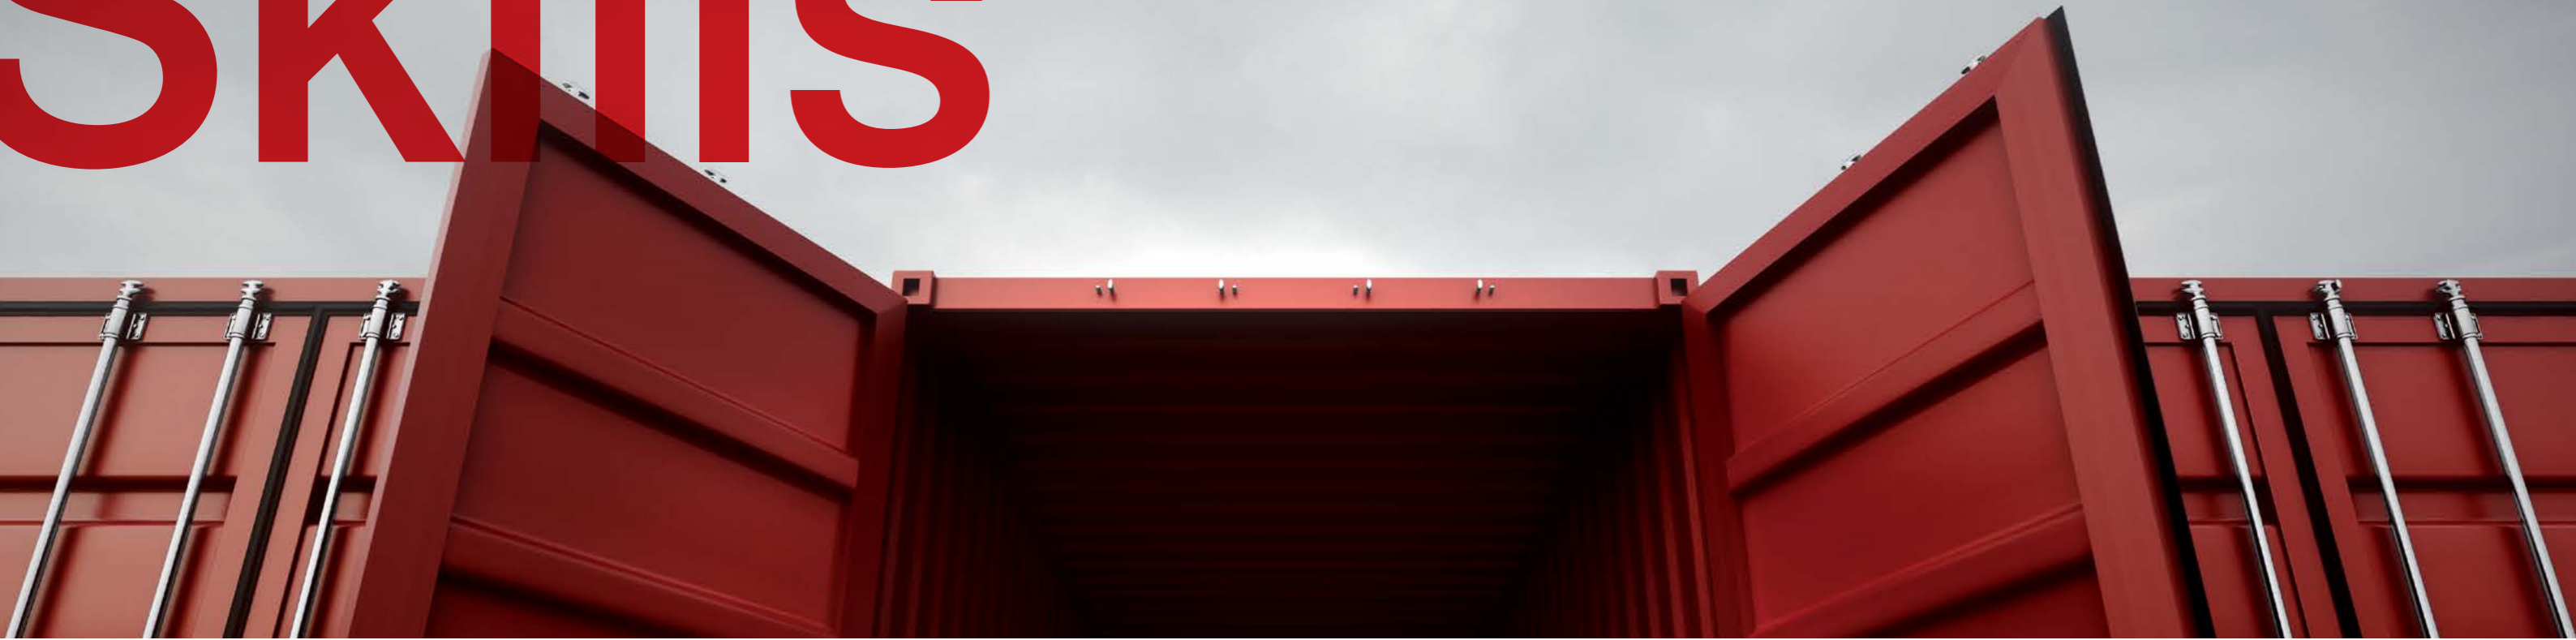

A top quality service that gives waste a second life

The ALITRANS' specialist team is always here to support you.

IMPORT/EXPORT WORLDWIDE BY SEA

- **Collection and delivery** in port using authorised and suitable vehicles and completion of required paperwork.

 - Waste paper
 - Metal scraps
 - Plastic scraps

Skills

Project cargo

ALITRANS manages important cargo projects by sea and air.

A.E.O./F (AUTHORIZED ECONOMIC OPERATOR - FULL/CUSTOMS & SECURITY)

Customs warehouse and fiscal deposit (VAT)

In 2009 ALITRANS obtained authorisation from the Customs Authority to establish our own 'Type C' customs warehouse (fiscal and customs). This permits the warehousing of non-European

Community goods with foreign status so that they are not subject to import duties, VAT and other requirements. There is no limit to the length of time goods can stay in the warehouse.

CUSTOMS WAREHOUSE AND CLEARING

WAREHOUSE MANAGEMENT SYSTEM WITH BAR CODES

ENAC AUTHORISED WAREHOUSE FOR SAFE SHIPPING BY AIRFREIGHT AND AUTHORIZED DEPOT FOR DANGEROUS GOODS
